Congratulations

to our Scholarship Recipients

Cameron Tribble and **Taylor Benefield** have been awarded ElecTel's 2018 Scholarships!

After recently completing his Associate's Degree in Science at Wilkes Community College, **Cameron Tribble** is preparing to transfer to the University of North Carolina at Wilmington where he will pursue a Bachelor's Degree in environmental chemistry. A three-sport athlete and student government officer during his high school career, Cameron continues to give back to his community by serving as a youth mentor and Special Olympics volunteer.

Taylor Benefield is a freshman at the University of North Carolina Chapel Hill and is currently majoring in Biology, following a pre-med track. She plans to attend medical school after completing her undergraduate studies at UNC. An aspiring pediatrician, Taylor has developed a strong desire to help children, a passion that began during her high school years as she participated in the Backpack Pals Program.

Congratulations to these very deserving students—we wish them the best of luck. ElecTel Cooperative FCU is very proud to recognize you for all of your hard work!
